Open Workshop – “Semantic Interoperability: A Practical Approach” 25th March 2008, Berlin, Germany

Aim

The workshop brings together ICT innovators, from industry and academia, to present and discuss practical approaches to enhance the agility of business processes through semantic technologies. New ideas and directions, work in progress, and practical user perspectives will be presented on a range of topics.

Agenda

11:00 Welcome

Stuart Campbell, Chief Technology Officer (TIE) & STASIS Project Manager

11:05 Keynote: Semantics for Profit and Fun

Tim McGrath, General Manager (Document Engineering Services)

11:35 Sponsoring project: STASIS Aims and Innovations

Stuart Campbell, Chief Technology Officer (TIE) & STASIS Project Manager

12:05 Sponsoring project: BREIN Aims and Innovations

Eduardo Oliveros, R&D Engineer (Telefónica I+D) & BREIN Project Manager

12:35 Software, Services, and Semantics in FP7

Arian Zwegers, Project Officer (European Commission)

13:00 LUNCH

14:00 NeP4B Aims and Innovations

Sonia Bergamaschi, Professor (University of Modena and Reggio Emilia)

14:20 SEAMLESS Aims and Innovations

Juan Vte. Vidagany, Chief Technology Officer (Antara Information Technology)

14:40 An overview of Semantic Interoperability Challenges related to Resource Provisioning in Business Grids

Ioannis Kotsiopoulos, Software Engineer (University of Manchester)

15:00 STASIS Technical Innovations: Simplifying e-Business Collaboration by providing a Semantic Mapping Platform

Sven Abels, EU Projects Coordinator (TIE)

15:30 Semantically Enhanced Resource Allocator

Marc de Palol, Researcher (Barcelona Supercomputing Center)

15:50 Discussion/Q&A

16:00 COFFEE BREAK

16:30 Modelling Interoperability: The Modelling Framework of BREIN

Hannes Eichner, Research Engineer/Developer (BOC Asset Management)

16:50 OKKAM: Enabling an Entity Name System for the Semantic Web

Paolo Bouquet, Associate Professor (Università degli Studi di Trento)

17:10 Ontology based Integration of IEC TC 57 standards

Mathias Uslar, Project Manager (German National IEC Mirror Committee)

17:40 Discussion and Close

Workshop Chair

- Stuart Campbell, TIE Nederland B.V. - www.tie.nl

Workshop Co-chairs

- Kevin Ginty, Centre for Internet Technologies - www.cit.sunderland.ac.uk
- Ioannis Kotsiopoulos, University of Manchester - www.cs.man.ac.uk

Workshop Programme Committee

- Domenico Beneventano, Universita di Modena e Reggio Emilia - www.dbgroup.unimo.it
- Kevin Ginty, Centre for Internet Technologies - www.cit.sunderland.ac.uk
- Huiping Lin, Tsinghua University - www.tsinghua.edu.cn/eng
- Gash Bhullar, TANet - www.tanet.org.uk
- Ioannis Kotsiopoulos, University of Manchester - www.cs.man.ac.uk
- Bastian Koller, HRLS - www.hlr.de
- Rosa Badia, Barcelona Supercomputing Center - www.bsc.es
